**LOS ANGELES, SEPTEMBER 16, 2022**---- EarMarkable Music is scheduled to release their latest musical project from their artist Geo, entitled, "LA Mood". This is Geo's third album, which he proudly proclaims as his homage to the City of Angels and Champions. The album's genre features Pop-Rap, Hip-Hop, and Progressive R&B, which is a huge step up from Geo's original sultry soul. The beats are fresh, new, and punchy. And the LA swag of this California native drives the narrative of his intentional lyrics and catchy hooks. The 8 tracks of Geo's original artistry express the many facets of the current LA culture including love, legacy, beauty, and entertainment. Track 3, entitled LA, is Geo's West Coast adaptation to Jay-Z's song "Empire State of Mind".

Since the beginning of Geo's musical journey over thirty years ago, he continues to be one of EarMarkable Music's most esteemed artists. "Geo is a brilliant songwriter with a unique sense of melody and a distinctive voice." - EarMarkable Music. Attention to detail in his writing and unconventional flowing lyricism continue to break down our walls leaving us with seamless tunes embedded in our hearts. On top of love, conflict, faith and the prosaic moments of humanity, Geo makes music that deeply explores the threads of our lives as we examine the patterns of our souls.

With three studio albums and a number of inspired singles under his belt, Geo's music continues to be heard and highly anticipated across North America and abroad.

Songs to look out for:

**"LA"** is a standout track - An amalgamation of love for being born and raised in the city of LA, and love for its music, legacy, and swag. This track is a reminiscent love letter to LA. "There's a sense of pride and affection that comes from hearing a song about a city you know and love." -Geo

Another standout track, **"Boogie"**, began with a distinct and alluring beat that led to the exultant lyrics which complement its rhythm perfectly. It has a melody of imaginative delight, with a beat to motivate to dance. Boogie is a universal MOOD all on its own.

**"Where Am I"** illuminates the architectural beauty and cultural havens of the City of Angels by transporting the listener to parts of the city that simply seem heavenly. In **"Where Am I"** Geo takes us to a utopic place where we fall into the hands of the musical hook and find ourselves singing, "It's so beautiful here.", Where am I?

The whole album gives the listener that *LA Mood*. Don't miss out on this riveting musical journey, a mood written, produced, and performed by Geo. Release date is scheduled for 9/16/22.
